RESTORING SAFE SERVICES: PHASE FOUR

RE: LIMITED ACCESS

Access to Canad Inns Destination Centres is limited to persons directly engaged in doing business within the facility. Due to public health risks, we cannot accommodate public access at this time.

As Essential Service Providers, employees of Hotels and Hospitality Services have been on the frontline since the onset of the COVID-19 pandemic. One of our guiding priorities will always be to safeguard the wellbeing of our employees, and our customers.

We respectfully request that all persons entering our facilities move directly to their destination, and refrain from lingering in public areas including but not limited to lobbies, hallways, or restrooms.

We are happy to welcome guests at most of our restaurants, where Dine In and Take Out services are provided, and COVID-19 protocols in place. We request that when practical, persons enter those facilities directly from outside, or by using the door closest to the restaurant of choice and refrain from unnecessary travel through the Destination Centre (hotel room guests may use internal corridors).

PROTOCOLS & PRACTICES

- All persons are required to wear a Face Covering (i.e. face mask, face shield, or other) covering the nose and mouth while in public areas of our facilities (please refer to the Face Covering Policy for detailed information and exceptions)
- All persons are required to sanitize their hands upon entry.
- All persons are required to maintain a 2m distance from those not in their household at all times, and adhere to all posted guidelines.
- Guests may not move tables, chairs, or other furniture, and must refrain from intermingling with those not in their group.
- Access to guest room corridors and elevators is restricted to registered guests and employees only; deliveries or visitors must be met by the registered guest in the hotel lobby.
- Entrance Doors are secured after hours; hotel guests may gain access through the front door only.

We apologize for any inconvenience limited access may cause, but feel it is an essential step to help minimize person to person contact thereby helping to reduce the risk of virus spread.

We would like to thank the hardworking men and women who continue to provide valuable essential services during this difficult time, and we thank all our customers for their invaluable support.
